PARIS COTTON MARKET.

Receipts Thursday, 556 bales.
Middling, 23 1/2.
Strict middling 21 1/2.
Cottonseed, \$30 per ton.

BROUGHT BY THE WIRES FROM ALL PARTS OF WORLD

By The Associated Press.
East Texas: Friday and Saturday fair, except probably showers in lower Rio Grande valley, somewhat warmer except on west coast.
West Texas: Friday and Saturday generally fair.
Oklahoma: Friday fair, warmer; Saturday generally fair.

By The Associated Press.
MUSKOGEE, Oct. 7.—Billy Klock, Fort Worth, knocked out Danny Sheehan of Kansas City, here tonight, in the sixth round and scheduled 15-round bout. The men are lightweights.

By The Associated Press.
ST. LOUIS, Oct. 7.—Armed guards were placed at the city hall and municipal courts building tonight after the police came in possession of a note containing a warning that the city hall would be blown up at 10:30 o'clock tomorrow morning.

By The Associated Press.
WARSAW, Oct. 7.—News that an armistice will be signed at Riga by the Polish and Russian soviet peace delegates Friday was received enthusiastically today by the population of Warsaw.

On the 6th of the armistice fighting virtually ceased along the entire front.

By The Associated Press.
MOBILE, Ala., Oct. 7.—News has been received here that the four-ton schooner Three Marys, 1,621 tons, reported wrecked in the hurricane September 29 off Mobile bar, has been picked up by the coast guard cutter Comanche of Mobile in Lat. 26 22 North and Long. 88 34 West. No details were received.

By The Associated Press.
GALVESTON, Oct. 7.—The sum of \$10,000 in gold, confured out of a "black barrel" in the hold of the Spanish steamship Martin Sanchez by customs officers here today, was ordered restored to Jesus Fernandez, said to be a banker and merchant of Havana, Cuba, by Judge J. C. Hutcheson, of the district court of the western district of Texas.

By The Associated Press.
SAN FRANCISCO, Oct. 7.—Joseph Rodriguez, under arrest here for the abduction of an 18-year-old girl today "confessed" to the murder of J. C. Benton, wealthy real estate mining promoter, according to a statement by Captain of Police John O'Meara, but when the alleged "confession" was made public doubt began to be cast upon it.

By The Associated Press.
HUTCHINSON, Kans., Oct. 7.—A cylinder 15 inches in circumference and said to contain explosives, sufficient to destroy the viaduct, convention hall and other nearby buildings, was found this evening by boys fishing in Cow Creek at the west end of the main street viaduct here in the heart of the city. O. M. Knowles, chief of police, announced late tonight.

By The Associated Press.
CHICAGO, Oct. 7.—Woman by nature is not for peace, and "is for a fight," James Hamilton Lewis, democratic candidate for governor of Illinois, declared tonight in an address before the banquet of the Illinois equal suffrage association. "Man is for peace," he added, "but woman's nature is to demand conflict, if necessary, to establish principles she feels necessary to the government of homes."

OKLAHOMA FUEL SUPPLY SHORT SAYS ROBERTSON

By The Associated Press.
MUSKOGEE, Okla., Oct. 7.—"If the coal miners of Oklahoma strike, it will be in abrogation of their contracts. Such action is not justified, no matter how just the demands may be. I shall do all in my power to prevent their taking a 'holiday.'"

This was the statement made here tonight by Governor J. B. Robertson, relative to the threatened strike of the town and county miners of the state, whose demands for a 30 per cent increase have been refused by the Southwest Interstate Coal Operators' Association.

The fuel situation of Oklahoma is grave. "I believe the larger operating concerns and the railroads are more to blame for the present conditions than the men themselves, but that does not make a strike justified at this time."

Local unions over the state, which were expected to go on "vacation" today, have all their men at work, but no assurances have been given that the men will remain in the mines, according to E. F. Ross, vice-president and secretary of District 21, United Mine Workers of America.

A call for a special convention of miners to be held here October 25 was sent out from headquarters today, its purpose was not announced.

TWO INDICTED FOR WRONGFUL USE OF MAILED

By The Associated Press.
NEW ORLEANS, Oct. 7.—Edward C. Becker, of San Antonio, Texas and Peter Calamari, of United States Commission here today charged with using the United States mails to defraud in the alleged sale of certain placer gold claims in New Mexico upon which it was indicated oil strikes would be made.

Gilmer P. Johnson, chief postal inspector, estimated more than \$200,000 had been obtained from persons in Louisiana, Mississippi, Texas, Alabama and Missouri.

Becker was held under \$5,000 bond and Calamari \$2,500. The latter it was charged, served as Becker's confidant and assisted him in making certain sales.

Now Able to Be Around.
W. B. Wise, who has been confined to his room for some time by sickness, is now able to be out on the streets.

VETERANS RETAIN VAN ZANDT LEADER

Pass Resolutions And Finish Business Session Of Thirtieth Annual Encampment.

By The Associated Press.
HOUSTON, Oct. 7.—The United Confederate Veterans, in annual reunion here, today re-elected by acclamation, all the principal officers, completed their business sessions and turned their attention to the parade tomorrow morning.

The officers re-elected, made their trip of hundreds of miles from their homes to Houston.

The officers re-elected, headed by General K. Van Zandt, of Fort Worth, Texas, commander in chief, were chosen without opposition. They included General Julian S. Carr, of Durham, N. C., commander of the Department of the North; General Virgil R. Cook, of Batesville, Ark., commander of the Trans-Mississippi department; and General Calvin B. Vance, of Tatum, Berkeley, Va., commander of the Army of Tennessee. General Van Zandt also announced the reappointment of Gen. A. B. Booth, of New Orleans, as adjutant and chief of staff.

Selection of the next year's reunion city was left to a committee headed by the commander in chief and including in its membership all the department and divisional commanders. This committee, it was stated, will receive any invitations and announce their selection, at a later date.

Other Officers Elected.

The Sons of Confederate Veterans, the Confederate Southern Memorial Association and the Forrest Cavalry corps also elected officers today.

Nathan B. Forrest, of Biloxi, Miss., was re-elected commander in chief of the Sons of Veterans. James F. Taylor, Berkeley, Va., was chosen commander of the Department of the North. Virginia for another term, B. A. Lincoln, of Columbia, Miss., was re-elected commander of the Tennessee department and S. R. Carter, commander of the newly organized Albert Sidney Johnston camp of Houston, was elected commander of the Mississippi department.

Members of the executive council of the Sons of Veterans were elected as follows: Ray Price, of St. Louis, C. C. Reynolds, of Northern Virginia; department: Steve H. King, Tulsa, Okla., Trans-Mississippi department; John Ashley Jones, Atlanta, Ga., department of Tennessee; and Donald Lee Irving, Va. councilman at large.

Forrest Cavalry Corps. The Forrest Cavalry Corps, whose General W. C. McComb, of Memphis, Tenn., is its commander in chief for the ensuing year, and the Memorial association elected the following officers: Mrs. A. McComb, of Memphis, Tenn., president; Mrs. Emmet L. Marry, Tulsa, Okla., national organizer, and Mrs. W. H. Crowder, of Tulsa, president of the Oklahoma branch of the association.

At the afternoon session of the Veterans, resolutions were adopted asking the United States government to have the enlistment records of the Confederate soldiers printed and bound in order that they may be preserved, and to have the government turn over to the states which formed the Confederacy \$45,000,000, said to have been collected in cotton tax at the close of the Civil War. The money would be used by the states to pension former Confederate soldiers.

Resolutions. Another resolution adopted provided for appointment of a committee to take steps looking to the removal of the body of Mrs. Jefferson Davis, from the body of the president of the Confederacy to Richmond, Va., where the body of the president of the Confederacy was buried.

The Sons of the Veterans adopted resolutions endorsing a movement for construction of a trans-continent highway through the southern part of the United States.

A plea was made this afternoon for the help of the Veterans, the Sons of Veterans and the United Daughters of the Confederacy in raising money to complete a monument to Jefferson Davis at Fairbury, Ky. This monument, when completed, would be 350 feet high and the second highest of its kind in the world, the Washington monument alone exceeding it, according to speakers.

Crowded Out of Ball. Hundreds of old soldiers who had looked forward to tonight's grand ball scheduled to be given in their honor, were doomed to disappointment. They were crowded out by several thousand persons other than veterans or official women.

The affair was to have been held in the city auditorium. No sooner had the doors opened than a crowd estimated at more than 10,000 persons, crowded past the doorkeepers and on to the dance floor. A lane extending around the hall was cleared by police to allow the grand march, headed by General Van Zandt and Miss Sidney Ruth Aldridge of El Paso, to start.

Another ball is on the program for tomorrow night and, according to officials directing the reunion, the aid of police will be enlisted to allow it to be held. Tomorrow's parade, it is expected, will be several miles long, but the line of march will be less advanced age of the veterans who will march in the parade.

TRYING TO STOP ILLEGAL WHISKEY SALE IN NEW YORK

By The Associated Press.
WASHINGTON, Oct. 7.—Withdrawal of whiskey from bonded warehouses in the city of New York and parts of New Jersey and New York, has been stopped temporarily, Prohibition Commissioner Kramer announced today. The action was taken, he said, in an effort to check illicit sale of liquor in the sections which had been most "troublesome" to enforcement officers.

Secrecy has surrounded the orders issued several weeks ago. The commissioner said he had brought about a great reduction in the outstanding stocks of whiskey in the hands of wholesalers, druggists and others. Much of this quantity had been obtained under subterfuge and "plain" fraud, he said, and it was planned to cut off the supply as a means of checking selling.

CENSUS FIGURES OF COUNTRY COMPLETE

Continental United States Passes Hundred Million, Majority Of Whom In Cities.

By The Associated Press.
WASHINGTON, Oct. 7.—The 1920 population of continental United States was announced today by the census bureau as 105,683,108. This was an increase of 13,716,842, or 14.9 percent since 1910.

Today's total does not include the populations of outlying possessions which will be announced as soon as the figures for Alaska and the military and naval services abroad are tabulated. It is estimated, however, that these possessions have 12,500,000 inhabitants, so the total number of people living under the American flag in round numbers is 118,000,000.

The figures for continental United States compare with 131,972,360 ten years ago and 75,994,575 twenty years ago. The increase for the last decade, however, fell 2,286,849, or 6.1 percent below that of the preceding decade.

Director Rogers of the census bureau, in a formal statement, attributed this reduction to the almost complete stoppage of immigration during the world war, an increase in emigration during the same period, death in the influenza epidemic of 1917-18 and war casualties.

Over Half In Towns.

The statement noted the trend of population from the country to the city has been greatly accentuated since 1910. For the first time in the country's history, it said, more than half the entire population is now living in urban territory.

This situation was clearly reflected in the figures as to farms in the country, which also were made public today. These placed the total of farms at 8,452,298, an increase of only 98,496, or 1.5 per cent in ten years against an increase of 624,130, or 10.9 percent during the decade ended in 1910.

Mr. Rogers stated that while today's figures on the country's population were preliminary and subject to revision, the final official population, as transmitted to congress in December for appointments, was not likely to be greatly different, although it might be slightly larger, though the additional population for small farms claimed not to have been properly canvassed by census enumerators.

COX EMPHASIZES HIS FAVOR OF WORLD LEAGUE

By The Associated Press.
NASHVILLE, Oct. 7.—The League of Nations was the main theme of Governor Cox of Ohio in his travels today through Kentucky and Tennessee.

"I favor going in," the democratic presidential candidate repeated vigorously in a day's campaign of eight speeches, closing with a large meeting here tonight at the Ryman auditorium.

With vigor refreshed, apparently, Governor Cox advanced what he termed "practical" as well as moral arguments for American membership in the League. Reiterating that it was a "pledge" to Americans who participated in the war, the governor declared that the disarmament provisions could save the Nation \$45,000,000 next year. The league would renew European credit for purchase of American products, he also stated.

"Next year, if we go into the League of Nations," said the governor, "we can save \$45,000,000 for our navy alone. Do you know what you can do with \$45,000,000? You can claim 23,000,000 acres of arid land in the west. I am in favor of stopping the building of battleships and of reclaiming arid land and of giving every soldier boy a farm and a home of his own, if he wants to try it out there in that great promising country. If he doesn't want that, then I am in favor of the four fold plan which was recommended by the American Legion at Cleveland within the last week or ten days."

DEBT TO BE REDUCED SAYS SECRETARY HOUSTON

By The Associated Press.
WASHINGTON, Oct. 7.—Further reduction of the gross National and floating debt was forecast by Secretary Houston tonight in announcing a new offering of treasury certificates of interest, due in five months at 5 3/4 per cent interest.

Simultaneously with the sale of the new certificates, which will not exceed \$125,000,000, an issue of certificates totaling \$125,000,000 will mature and the treasury also will be called upon to pay the semi-annual interest on Liberty Bonds of the fourth loan, maturing in 1921. Mr. Houston said. The interest rate on the new issue occasioned some surprise, officials indicated the lower rate represented a feeling among those directing government finances that an easier money market soon would prevail.

PETER MANNING TROTS FASTEST THREE HEATS

By The Associated Press.
LEXINGTON, Ky., Oct. 7.—Peter Manning, owned by Irving Gleason of New York, lowered the world's record for four year old geldings and trotted the fastest three heats ever trotted here this afternoon. The miles were made in 2:03, 2:02 3/4, 2:02 1/2.

Peter Manning was purchased by Mr. Gleason here last fall for \$21,000. Harry Stokes, of the Murphy stable, held the reins when Peter Manning made his remarkable performance.

Prince Loree again demonstrated that he is the champion double gaited horse by lowering his pacing record to 2:00 flat in a race against time after the Transylvania had been run.

To Organize Community Clubs In Lamar County

The gentlemen asked to assemble at the Chamber of Commerce Tuesday afternoon for the purpose of considering the organization of community clubs throughout the county and the further organization of a central club composed of representatives of each of the community clubs decided that the plan offered hope and decision was reached to go forward with the plan.

Some of the most progressive citizens of the county were there and they discussed the matter at some length, outlining in a general way what it is hoped to accomplish.

E. C. Bracken, secretary of the Chamber of Commerce, outlined the purposes of the call and was followed by Dr. Buford Minter, who organized the first community club in Lamar county. Bryant of the Depot club, who told something of the roadwork done in that community; Enland of Springfield, Scott of Paris, Petot of Roston and Warner of Paris were other speakers.

Decide to Organize.

At the close of the sitting there was decision to organize other clubs in addition to the five which are already in existence and at work. These are located at Minter, Blossom, Hardestown, Chicota and Depot.

It is expected that finally there will be eighteen of the community clubs in the county, counting the Paris Chamber of Commerce as one of them.

Each club is to elect two representatives to the central club, which is to meet from time to time to discuss county-wide matters of interest to all the clubs.

Clubs Are Individual.

Each club may make its principal work what it chooses, of course, and all dues collected are to go to that club, there being no dues to be paid to the central club or for any central work the Paris club (otherwise the Chamber of Commerce) bearing that expense wholly and as part of the general work.

Minter, for instance, started the work of hands followed in with the short course in farming with lectures from the A. and M. college and from the C. L. A. at Denton for domestic arts. Chicota is wholly devoted to road work. Hardestown has so far devoted itself to road work, as has Depot, but both have other things in consideration.

But they are all to work in harmony and on general lines where the entire county is concerned—for instance, in the matter of informing the road board that there is general demand for the bottoms being slacked as soon as possible.

The Force of "WE". It is proposed, in other words, to put the force of "WE" behind the individual efforts of the various community clubs.

Secretary Bracken explained that some length, but as this was only an organization meeting full details of the method of organization is for were not gone into.

The method of organization is for the representative of the community to interest his people in the matter; then to call a meeting for organization and to notify the Paris Chamber of Commerce, when County Agent Shapp, Secretary Bracken and the Morning News will visit that community and assist in the organization; while other clubs are to be invited to send representatives also.

IMPROVEMENTS MADE FARMERS WILL SHIP AT THE CITY LAKE COTTON TO GERMANY

New Settling Tank Completed And Lamar County Growers Finding Foundation Placed For The Last Year's Cotton Unsalable Here Will Sell Abroad.

Organization of the Lamar County Cotton Growers' Association was completed at a meeting held at the Court-house yesterday. A. J. McComb, president, and J. H. Johnston, of Paris as secretary.

The meeting lasted most of the day and was largely attended. Most of the time was taken up in the adoption of rules and regulations for the government of the association, and a permanent membership committee, composed of J. H. Johnston, J. L. Jenkins and W. H. Beavers, was appointed to pass on the eligibility of all applicants for membership.

Read Johnson, in charge of the vocational training office in Paris, who was formerly with a cotton firm at Hillsboro, that had sold a large amount of cotton direct to foreign firms, made an address by invitation of the association in which he explained in detail how the local farmers can pool and market their cotton direct to the spinner.

The speaker was taken up in the meeting representatives from Honey Grove, Ladonia, Enloe, Cooper, Commerce, Greenville, Caddo Mills, Sulphur Springs, Dodd City, Mt. Pleasant, Dallas, Clarksville and other points, who are holders of last year's cotton and are interested in the movement to find a market for it, which is one of the purposes for which the association was organized. It is claimed that last year's cotton can't be sold to local buyers at any price.

At noon the meeting took a recess until 1:30 o'clock, and in the afternoon the owners of cotton got together to form a pool to make a trial shipment abroad. A list of 600 bales was made up. A. J. McComb, president, represented the holders of 2,000 bales was very favorably impressed with the plans for shipment and said he would communicate with the association when he returned home.

It was decided to send a local representative of the association to Germany to arrange for disposing of the 1919 and 1920 crops of cotton of this section.

After disposing of the shipping problem the association decided to incorporate under the laws of Texas as a regular cotton firm with the view of taking in the farmers of Northeast Texas as stockholders and to make a general cotton business.

The association proposes to sell cotton for the members at spinners' prices, and they will buy the cotton of those who are not members. Like any other cotton buyers, several of the cotton firms from small towns who attended the meeting joined the association.

The meeting adjourned until next Friday when it will meet again to get more farmers to put their cotton in the pool for the trial shipment and to assemble it for shipment. A part, not all of the first trial shipment, will be consigned through the Hill County Cotton Growers' Association.

At the meeting next Friday the association will further discuss the proposition to incorporate as a cotton firm.

TEXAS WOMAN LAWYER IN SHANGHAI, CHINA. In a dispatch from the Dallas News yesterday from Austin stating that the wife of Lieut. Commander Cleveland McCauley, of the United States Navy, had been admitted to the bar to practice law in Shanghai, China, and was the first woman lawyer in the Orient, it stated that before marriage she was Miss Helen Leary of San Antonio.

The dispatch ought to have said that she was Miss Helen McCauley. She was the daughter of a general during Geo. Roberts administration was afterward appointed by President Cleveland as Judge of the Supreme Court of Montana, and later served as mayor of Santiago, Cuba, and as supreme judge of Porto Rico. He ranked very high in the Masonic order.

The New Midland Depot. The Texas Midland passenger trains will arrive and depart from the west side of the new depot.

PETTY DEMOCRATS SEND IN LONG LIST

Thirty-Six Contributing Democrats Are Down For A Dollar Each.

Petty read about the Roston democrats and they got busy; with the result that the list for the "box campaign" is materially increased by \$35. The total swelled, and Dr. Marshall is going to be somewhat swelled himself when he gets the cash.

We are somewhat discomfited from the mark set yet, but they hope along with the democrats, which could be get at least 25 per cent of the total; which will be helping out.

These contributing democrats from Petty have made known that who Roston has been sent in a few more dollars than they that they are entitled to some credit in the matter and that they are not so backward as the communities of Chicota, Blossom and a few others, which could be named, including Pattonville.

EXPLOSION ON STEAMER KILLED FIVE, HURT OTHERS

By The Associated Press.
NEW YORK, Oct. 7.—Five men were killed, five others are missing and believed to be dead, and more than a score injured this afternoon in an explosion which wrecked a forward compartment of the British tanker G. R. Crowe, of Toronto, undergoing repairs at a Brooklyn shipyard.

The blast, which endangered the lives of more than 200 workmen employed on the ship's deck, is believed to have been caused when gases from an empty oil tanker were ignited by a blow torch. An investigation was begun immediately, however.

One man was thrown more than a hundred feet in the air, crashing to death through the iron roof of a nearby machine shop.

BOYHOOD FRIENDS MEET AFTER FIFTY YEARS

George Russell of South Carolina, who lived in Lamar county many years ago, is here on a visit to his relatives. Mrs. Caddo Moore and other relatives. He was a brother of the late A. Russell, who was a well known farmer of the Pleasant Hill neighborhood north of High.

He and Geo. R. Hancock of Paris were childhood playmates in the Shady Grove community and they met this week for the first time since 1869.

Mr. Hancock carried him down yesterday afternoon to their old standing grounds, where he could see what changes had been wrought during the intervening years.

GRAND JURY REPORTS AND TAKES RECESS

The grand jury of the 6th District Court adjourned after its session four days reported fifty bills of indictment yesterday afternoon, all of which were for felony. After making the report the jury was excused until the 8th of November. Nearly all of the defendants against whom indictments were returned are either in jail or have been heretofore arrested and put under bond.

CAMP MEAD SOLDIERS FOR RIO GRANDE BORDER

A special train of eleven coaches arrived in Paris at 11:30 o'clock yesterday morning over the Frisco with 224 men of the 17th infantry on their way from Camp Mead, Md., to La Junta, Colo., where they were to be sent south to Ennis. While the change to the Midland track and change of engines was being made, the soldiers marched down Bonham street to the plaza and back.

Knocked Out of Buggy.

While A. Pruitt and two granddaughters, grown young ladies, were returning from Cooper to their home in the country in a buggy a few nights ago a man in an automobile ran against them and knocked them out. He was rendered unconscious and the girls were slightly shaken up.

Will Go In Bank.

Sheriff J. W. DeWitt of McCurtain county, Oklahoma, who was a merchant in Delta county before he went to Idabel, will go into the banking business as active vice president of a new bank at that place at the expiration of his term as sheriff.

SUPERB PITCHING WINS THIRD GAME FOR ROBBIE'S MEN

Cleveland Team Unable To Solve Offerings Of Brooklyn Hurler, Sherrod Smith.

SERIES TO BE RESUMED IN CLEVELAND SATURDAY

Ideal Weather Thursday Brings Out Largest Attendance Of Games To Date.

By The Associated Press.
NEW YORK, Oct. 7.—Sherrod Smith, Brooklyn's south-paw hurling ace, pitched himself into a place in the world series hall of fame today when he held Cleveland helpless in the third game of the super-pennant struggle, which the National League users won by two to one. Smith, who mightily be termed the "Stormy Petrel" of baseball from the fact that his connection with the Robins is the thirteenth since his debut on the professional diamond, found this circumstance neither a hoodoo nor a handicap. Any jinx hovering around the twirler from Mansfield, Ga., found lodgment in the ball, which baffled the desperate efforts of the Indian war-club swingers throughout the entire nine innings of the game.

Smith's hurling today easily won him a place among the stars of the baseball classic, such as Mathewson, Coombs, McGinnity and Bender of former series. He was supported by his teammates in a manner which fully equaled the best exhibition of fielding seen in many similar contests since the national commission assumed a protective attitude toward the major league premier. The Superbas backed up their pitcher like the secondary defense of an all-American football team and kept Cleveland batters to get a drive through the various combinations which shifted with lightning speed wherever the ball was pitched.

Three Hits Only Were Made Off the Winning Hurler and of These Catcher O'Neill carried in two and Manager Speaker one.

Smith made his hit, a double in the fourth; O'Neill followed with a single in the fifth and another in the eighth inning. Had Smith played superior double safely, Smith would have been credited with a world's series shut-out.

Of the 28 Indians who faced the Robins star pitcher, only five reached first base. Of these, three arrived on hits and two on passes. Speaker's score was on an error; two were left victims of a double play, and Jamieon, who ran for him in the eighth inning, met a similar fate. Smith hurled 109 balls to the visitors, of which 29 were strikes, 41 balls, 8 foul strikes, 5 fouls, 5 field outs and 18 ground outs.

Brooklyn, while never free from the fear of a Cleveland rally, only five times in the first nine innings, its way to victory in the first inning, it evidently proved, by falling on the puny offerings of Ray Caldwell as soon as he took his place on the mound. What Manager Speaker saw in Caldwell's curves when the latter warmed up will always be a mystery. Certainly the lanky Yankee had nothing but deliberation after he entered the box. Of this he had plenty and to spare.

A base on balls, an error and two hits netted the Superbas two runs that won the game before Speaker could wave Ray away and replace "Duster" Mails, the former Robins. While not as effective as his

(Continued on Page Seven)

ROADS MUST SHOW LOSSES BEFORE TREASURY PAYS

By The Associated Press.
WASHINGTON, Oct. 7.—Treasury payments of railroads, under guaranty provisions of the transportation act, will be held up under a ruling today by Comptroller of the Treasury Warlick, until final accounting of losses sustained during the guaranteed period is made. Officials estimated that approximately six hundred million dollars was involved.

Carriers already have received about \$130,000,000 under the guaranty provisions, paid in the form of advances, against estimated deficits incurred prior to September 1, when the guaranty expires. Mr. Warlick's decision held that failure of any road to have obtained adequate advances was no fault of the treasury and, therefore, that Secretary Houston was not compelled to make further payments "placement."

Under the law contemplated the adjudication and final settlements of these claims as soon as practicable after the expiration of the guaranty period, the decision stated. "The needs of certain carriers for funds is recognized, but this office may not authorize the use of public money to such amounts and at such times as carriers have authorized by law, no matter how urgent the needs of claimants."</

WHISKEY SELLERS BOUGHT WATER

Now The Men Who Sold It To
Them Are Under
Arrest.

Sheriff Clarkson and County Attorney R. E. Eubank returned from Fannin county a little before 12 o'clock Wednesday night with two young men between thirty and thirty-five years old, F. H. Goodman and W. E. Moore, whom they arrested at Leonard on the charge of swindling.

The arrests were made in connection with a very clever piece of work by which three men hanging out on Bonham street were victimized last February, a full account of it appearing in the Morning News at that time.

Two strangers are alleged to have approached the alleged victims and informed them that they had a ten gallon keg of fine whiskey that they would sell at \$24 per gallon. They had it hid out in the woods.

The victims accompanied them to the place of concealment and after sampling the whiskey by drawing one from the keg and being satisfied that it was genuine whiskey unadulterated they made up the purse of \$240 between themselves and paid it to the strangers and brought the keg to town.

When they went to draw the

Lamar County Garage

For quick service, call us. We carry a general supply of Ford parts, tires, tubes, Magnolia Gasoline and Oils.

Bookston, Texas

whiskey from the keg to transfer to bottles, they found that it was full of water with the exception of a small tin cup full that was nailed tightly on the inside against the bung-hole, the whiskey that they had sampled was from the cup and it had been drawn through the bung-hole.

About the same time that the swindle was worked at Paris a similar deed was pulled off at Bonham, the victims there being victimized to the extent of over \$700. Nothing was heard from the alleged perpetrators of the swindle either here or at Bonham for several months.

According to the Bonham officers the alleged swindlers went to Alabama and stayed for some time. A man appeared on the streets at Bonham about three weeks ago whom one of the men who had been buncoed for \$700 claimed to recognize as one of the two alleged swindlers.

He reported to the officers, but they deferred arresting him until the other man, who was still in Alabama, returned. The second man finally showed up a short while ago and he was arrested.

Sheriff Ed Whitley wrote to Sheriff Clarkson about the arrests and expressed the belief that they were the same men who had worked the swindle here.

Sheriff Clarkson and County Attorney Eubank left at 4 o'clock Wednesday afternoon for Bonham to see the men under the impression that they were still in jail but they had made bond and had gone to Leonard, where they had been making their home for some time. They were said to have been originally from Oklahoma.

When Sheriff Clarkson learned that they had made bond he went on to Leonard and arrested them and brought them back to Paris with him.

Complaints were sworn out charging them with three cases each of swindling and selling liquor. They waived an examining trial yesterday morning and in the afternoon the

grand jury returned indictments against them.

One of the Paris men who were victimized in the swindle here went to the jail yesterday morning and identified the two Fannin county men as the same persons who had perpetrated the swindle here.

GROWING DEAF WITH HEAD NOISES? TRY THIS

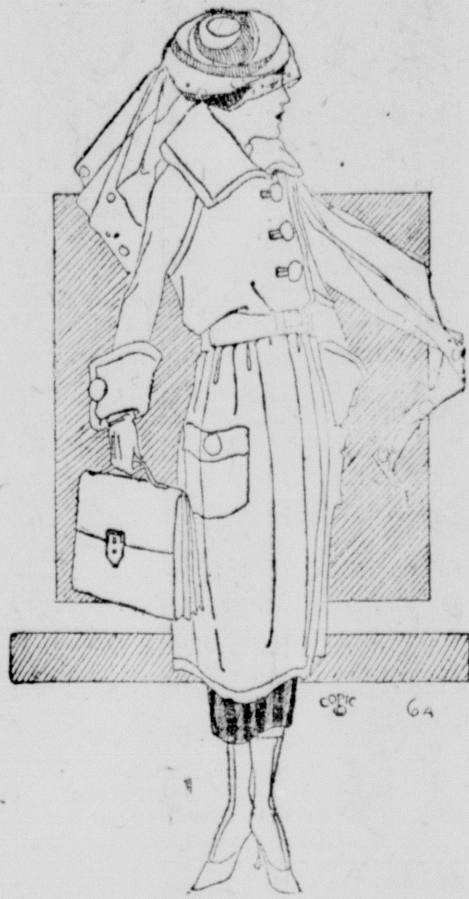

If you are growing hard-of-hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmint (double strength) and add to it 1-4 pint of hot water and a little granulated sugar.

Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

Saturday Special, 6 pounds sugar, \$1.00.—J. M. Criss, Blossom.

Most Famous Stove in the World

Forty-nine years ago the first "Oak" stove ever built came from the shops of the Round Oak Stove Co. It was an immediate success. Hundreds of imitations followed but none has equalled the genuine which has been steadily refined through the succeeding generations. This genuine Round Oak Stove is the most famous stove in the world—and satisfied users have given it its fame. We know that today, as ever since 1871, this stove represents the best value on the market. Come and see it.

MEXICANS TO ESTABLISH AVIATION ON BIG SCALE

San Antonio, Texas, Oct. 3.—Aviation is being studied in Mexico on a large scale and promises to develop rapidly according to advices received by Mexican officials here.

The Mexican National Aviation school, the advices state, is considering the establishment of an aerial line from Mexico City to Vera Cruz, and between Vera Cruz and Progreso, Yucatan. The latter line would skirt the Gulf of Mexico, along the extreme southern coast of the republic, and would present, according to aviators, some interesting developments in aerial navigation.

The hard storms that brew in the Yucatan channel, and which have their origin in the celebrated "oristote" that blows every afternoon between 5 and 6 o'clock, will be a great factor in the success or failure of the experiments with the proposed air line. Especially will the trials be watched, it is said, during the fall and winter when the Yucatan storms frequently culminate in the terrific hurricanes that sweep the Gulf of Mexico and adjacent coast country.

A test flight, declared to have been the most successful ever conducted in Mexico, has just been completed from Mexico City to Puebla de los Angeles, by cadets of the Mexican National Aviation school at Valbuena. The students also made the return trip without mishap.

WOMEN GOLFERS NARROW DOWN TO FOUR PLAYERS

CLEVELAND, Oct. 7.—East and south will meet in the semi-final matches of the women's National golf championship at the Mayfield club here tomorrow as the result of the third round of the championship play today.

In the upper bracket Miss Alex Stirling of Atlanta, Ga., the champion, will meet Mrs. C. E. Vanderbeck of Philadelphia, while in the lower draw Mrs. Dorothy Campbell Hurd of Pittsburgh will oppose Mrs. David Gault of Memphis.

Miss Stirling won her third round match from Edith Cummings of Chicago, 3 and 2, in a hard-fought battle. The Chicago girl played a better game than the score would indicate and gave the gallery a thrill when she won the seventh and eighth holes in succession by making threes and cut the champion's early lead of three to a minimum of one.

Miss Cummings then annexed the tenth hole and the match was even on the eleventh. The champion then annexed another and the match finished on the sixteenth.

When better cars are made Buick will build them.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

RENEWED WEAKNESS IN SUGAR MARKET

Decline In Raw Market Leads To Reduction Of Half Cent In Refined Prices.

New York Cotton.
NEW YORK, Oct. 7.—Private reports that increasing banking facilities were to be made available for financing cotton caused a sharp advance in the market today but prices broke again owing to reports of increasing mill curtailment and the lowest levels were reached in the late trading on most positions. October was relatively firm after the circulation of a few notices closing at 24.94, or 49 points net higher while other months closed net losses of 25 to 50 points.

New Orleans Cotton.
NEW ORLEANS, Oct. 7.—Although it was firm and advancing in the middle stage of the session today the cotton market turned weak in the late trading and from net advances of 38 to 47 points fell to net declines of 25 to 51 points, closing steady 29 to 42 points net lower for the day. Trading was very heavy on the decline.

Chicago Grain.
CHICAGO, Oct. 7.—Wheat turned downward in price at the close today after a show of strength during the first part of the session. Hedging here against purchasing in the northwest had a bearish effect. The close was very heavy, quarter cent to 2c net lower, with Dec. 195½, to 195½, and March 195½ to 195½. Corn finished 1½ c. off to 4c gain, oats ½ c. higher, half cent higher, and provisions at an average of 1c to 4c advance. Higher quotations on hogs strengthened provisions.

Fort Worth Livestock.
FORT WORTH, Oct. 7.—Cattle, 3,000; steady; cows 3.00@7.25; calves 2.50@10.00. Hogs, 12 to 25c higher. Light 14.00@14.75; heavy 14.50@14.75; medium 14.00@14.50.

New York Sugar.
NEW YORK, Oct. 7.—There was renewed weakness in the local raw sugar market today and prices sold into new ground for the year. There were no sales of Cubas which closed at 7½ c. f. f., equal to 8.25 for centrifugal, but there were sales of 200 tons of Java whites in port at 8c duty paid, and 25,000 bags of Peras for October shipment at 6½ c. f. f., which is half cent lower than the price asked for Cubas or Porto Rico.

New York Coffee.
NEW YORK, Oct. 7.—The market for coffee futures was irregular today. The opening was 4 to 7 points lower and the closing net 4 points lower to 7 higher. Oct. 7.94; Dec. 7.34; Jan. 7.52; March 7.84; May 8.06; July 8.29; Sept. 8.43. Spot quit, Rio 7½; Santos 4½ 12½.

Cottonseed Oil.
NEW YORK, Oct. 7.—The cottonseed oil market closed weak. Prime summer yellow nominal; prime crude 900 bid. Oct. 12.55; Nov. 12.56; Dec. 12.51; Jan. 12.49; Feb. 12.50; March 12.60; April 12.65; May 12.70; sales 10,400.

New Orleans Rice.
NEW ORLEANS, Oct. 7.—Rough rice, no sales; no receipts; clean rice steady; sales Honduras 4,454 pockets 2½@7½; Japan 410 pockets 6@7½; Blue Rose, 631 pockets 7½, receipts 1241; bran and polish unchanged.

SOCIETY and Club

Maude Neville, Telephone 569.

Seventh Birthday Celebrated.
Master Edward Womack celebrated his seventh birthday yesterday afternoon with a party of about twenty little guests attending. All sorts of games were played, and as this is the Halloween month, yellow balloons were given as favors. Ice cream cones were served, and a yellow and white decorated cake, with eight candles was cut. Ethel Stephens finding the dime, Lloyd Stephens the thimble, Katherine Kissing the ring, and George Buchanan the penny.
The small host received a number of pretty birthday remembrances.

Honoring Mrs. Maness.
Mrs. Stoner entertained yesterday afternoon with a delightful bridge party in honor of Mrs. Maness of Roxton. Various cut flowers were used to decorate the rooms where sixteen tables were arranged.
In the games, Mrs. Elmer Evans made high score and was presented with a pretty jardiniere. Miss Caldwell's trophy as second prize, being a handsome Japanese set of nutbowl. A bell was given to Mrs. Wooten as the consolation, while the honoree's gift was a set of handpainted card-table numbers.
Salad and an ice were served afterward for refreshment.

B. Y. P. U. To Be Entertained.
Rev. and Mrs. W. E. Kendall will entertain the members of the B. Y. P. U., and other young people of the First Baptist church at the parsonage this evening.

The Clever Forty-Two Club.
The Clever Forty-Two Club meets at three this afternoon with Miss McKinney at the home of Mrs. Hoyt Braselton, 306 Lamar Avenue.

The Week-End Forty-Two Club.
The Week-End Forty-Two Club

will meet this afternoon at three o'clock at the home of Mrs. C. W. Estes, 234 North Main street.

PERSONAL.
Mrs. O. L. Means, who went to Houston to attend the reunion as sponsor for Albert Sidney Johnston camp, will remain a few days to visit her brother, Dr. B. T. Vansant.
Miss Miriam Broom of Dallas, who has been visiting Mr. and Mrs. J. M. Broom, her uncle and aunt, on South 26th street, returned home yesterday afternoon.

Mrs. Thomas Leake and her father, Judge A. P. Park left Wednesday to spend a week in Mineral Wells.

Miss Ethel Shelton of Cooper spent yesterday in Paris.

ROTARIANS WILL HAVE MUSIC AT LUNCHEON

The Rotary Club today will have some music, there being two soloists engaged in the purpose, and in addition President Blyth will begin to have some chorus singing by the members. The Rotarians all over the country are great on chorus singing at their meetings, especially of patriotic songs, and it is the hope of the president that the Paris club will be in shape to hold up its end in this regard by the time the district conference assemblies here next spring. Members who cannot attend today should ring 869, the secretary's home, not later than 2:30.

A NEW BUSINESS.

The Auto Rubber Co. will be located at 37 Grand avenue and will handle a good line of Tires, Tubes, Inner Tires or re-lines and a good Rubber Repair. For a limited time a brand new inner tube will be given free with each tire purchased, and a can of Jem Rubber Repair given with each Inner Tire purchased.
F. E. PERKINS, Agent.

Washington, D. C., is feeling the benefits of water transport development. Besides getting much of its coal via canal boats it is also receiving many fruits and vegetables from the farms of Maryland. The Chesapeake and Ohio Canal connects the dry city with Cumberland, Maryland following the Potomac River.

WAIVED AN EXAMINING TRIAL, WERE INDICTED

Eighteen complaints were sworn out before Justice of the Peace Jay Hall early yesterday morning against parties for alleged swindling and for having whiskey in their possession, and ingredients for making whiskey.

There were six cases each against P. H. Goodman and W. E. Moore on the liquor charges. All of the parties waived preliminary examination and the bonds of Goodman and Moore were placed at \$250 each.

The bond of Robert Walls, charged with possessing liquor, was placed at \$500, and in another case for possessing ingredients to manufacture liquor it was fixed at a similar amount.

The bonds of M. L. Caruth for possessing liquor and the ingredients for manufacturing liquor, and Sam E. Edwards on similar charges were placed at \$500 each.

Later in the day indictments were returned by the grand jury against all of the parties.

Guard To Leave Galveston
By The Associated Press
GALVESTON, Oct. 7.—Texas na-

tional guardsmen, who have been on duty here since June 7, will leave tomorrow morning at 6 o'clock for Houston, where they will serve as a guard of honor in the parade of United Confederate Veterans. Martial law, however, will not end until 12 o'clock noon. After the parade at Houston, officers and men will en-train for their home stations.

— Fined \$25 For Speeding.

M. Z. Wright, the young negro who was driving the fine car that was badly wrecked at the corner of 20th and Washington streets a few nights ago, pleaded guilty in the recorder's court yesterday morning to speeding and was fined \$25.

Burglary at Ben Franklin.

The store of the S. V. Foster Drug company at Ben Franklin was burglarized a few nights ago and several boxes of cigars, some flashlights and other things were taken.

Revival Meeting.

Beginning Oct. 8 at Ogden Chapel conducted by Sister Mabel Smart and husband. Everybody invited.

Conway-Short Company, Inc.

YOU certainly want to save money, and you would like to have better bakings.

Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST
OF ALL BAKINGS

**CALUMET
BAKING POWDER**

"BEST BY TEST"

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

**Calumet Cream
Cake
Recipe**
—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1 1/2 cups granulated sugar, Yolks of 3 eggs, 1/4 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

USES GENERAL'S HOUSE AS MILITARY HOSPITAL

Nogales, Ariz., Oct. 7.—One of the show places of Old Mexico, the residence of Gen. Luis E. Torres, at Nogales, Sonora, now is used by the Mexican federal government as a military hospital.

Under the Diaz regime, General Torres was governor of Sonora and his big home, filled with costly furniture, hangings and pictures, was a center of wealth, fashion and officialdom.

A twenty-acre estate surrounded the house, and was dotted with trees from India, Yucatan, China and other far countries. The gardens of the estate contained many rare plants brought to Sonora by the general at great cost.

Now humble tubercular soldiers of the Mexican army stroll about the walks worn smooth by the steps of Torres' distinguished guests, and hospital cots catch the rays of the sun as it pours through the broken art-glass windows brought from Europe. In the drawing room, where uniformed officers and beautiful women once danced, the commandant of the hospital very prosaically has established his headquarters, while just in the rear of the drawing room, in what was once the boudoir of Donna Ana Maria Monteverde de Torres, beautiful wife of the former owner, is the operating room.

The Torres residence was built by Capt. W. L. Mix, Nogales.

PREFERS PEOPLE'S RESPECT TO GOVT. RECOGNITION

By The Associated Press
EL PASO, Oct. 7.—President-elect Alvaro Obregon of Mexico, Governor W. P. Hobby of Texas, Governor O. A. Larranza of New Mexico, and Governor Thomas E. Campbell of Arizona, were guests today of the International Exposition and Military Carnival which is being held here this week.

In the course of an address General Obregon said:
"A year ago Mexico was recognized by the United States. The situation today is very different, we are not recognized by the United States, but we have the respect and confidence of the American people, and I would rather have the respect and confidence of the people of the United States than official recognition of the government."

FRENCH AND POLES GET BEST DEAL IN ARMISTICE

RIGA, Oct. 7.—The Polish and Soviet peace delegations worked late in an endeavor to complete the armistice and the preliminary peace terms for signature tomorrow. As yet they have been unable to determine the exact hour for the formality of signing, and some doubt seems to exist whether it will be possible to finish the technical details of the instruments tonight.

The Polish delegates say, however, the documents will be ready either Friday or Saturday.

The proposed armistice line is clearly a great victory for the French and Poles, and the displeasure of Lithuania and Latvia apparently is shared by the British, whose advice has been disregarded.

Trouble From Old Injury.

T. M. Hagood was taken sick Wednesday night at the home of his father-in-law, Mrs. Maud Hagood, on Lamar avenue, with throat and blood poisoning, and was moved to the Sanitarium yesterday afternoon. Over a year ago he had a leg badly fractured in a woodsaw while living in Cooper and it has been giving him trouble ever since.

Up From Second Operation.

Mack Thompson, who was operated on for appendicitis the second time five weeks ago, was able to be out yesterday. The second operation took place fourteen days after the first one, and a quart of pus was removed from his appendix.

Were Married Again.

J. D. Matlock and Mrs. Maud Matlock were married by Justice of the Peace Jay Hall Wednesday night at his home. They had been married once before and were divorced three years ago.

Will Go To Pecos.

Rev. W. H. Horton, a well known Baptist preacher of Delta county, who has a number of acquaintances here, has resigned as pastor of the church at Cooper and will go to Pecos to accept a call.

Revival Meeting.

Mrs. Mabel Smart, assisted by her husband, will begin a revival meeting today at Ogden Chapel.

Marriage License.

A marriage license was issued yesterday to Henry Redwine and Miss Floy Keyes.

Recovering Nicely.

Mrs. T. L. Beuchamp, who was operated on a week ago, is recovering nicely.

The navy is beginning to sink wells in search for oil in the navy reserve lands of California. The oil will be used as fuel for the ships.

SUPERB PITCHING WINS THIRD GAME FOR ROBBIE'S MEN

(Continued from Page One.)

rival, Smith, he was not an easy proposition and backed up by some splendid fielding prevented any further scoring.

Game Was One Of Best.
In many respects the game measured up to the best contest seen in any world's series in many years. Old time players and followers were unanimous in this opinion after the final out had been made. The entire contest, although marred by two errors evenly divided, fairly scintillated with brilliant individual and combination defensive plays which brought the thousands of spectators to their feet repeatedly.

It was the first contest to be played in real baseball weather and the spectators showed the effects of the more suitable setting. Not a cloud obscured the sun and only a lazy breeze disturbed the Indian summer haze.

The overcasts, which the spectators wrapped tightly around themselves during the first two games, were discarded, while occasional purchases of peanuts and pop added a true baseball touch to the picture. There, too, was a little change in the collective attitude of the enthusiasts, so far as "rooting" was concerned. Speaker was given the greatest applause of any individual player. Members of both teams came in for repeated cheers following fine plays by them, which has been missing, notwithstanding the home club was winning.

Fans Cheered Impartially.

The outbursts of applause which greeted the rapidly succeeding feats of first one and then the other team were spontaneous and impartial. Partisanship, except in a few individual cases, was noticeably absent. It may have been due to the fact that these brilliant plays came so rapidly that the Brooklyn partisans never had time to set themselves for a genuine outburst of concerted home team rooting.

The baseball fireworks opened in the second inning when right-fielder Griffith made a great running catch off Joe Woods bat that robbed the Cleveland outfielder of a double. A moment later Konechny knocked down Sewell, blazing straight and retired him at first with a snap throw to Smith. In the third Konechny and Kiduff figured in another star play. O'Neill's smash fairly tore its way through the hands of the first baseman, but the ball was deflected by Konechny's efforts to stop it and shot off toward Kiduff, who scooped it up and flung it back to Smith who had rushed over to cover the base.

Fast Double Play.
Again, in the fifth session, the Brooklyn infield figured in a fast double play. Olson knocked down Mails' wicked drive, and recovering his balance with an effort tossed the ball to Kiduff, forcing O'Neill at second, whereupon Kiduff whirled and nailed Mails at first.

Speaker's players let themselves out in the sixth, when two feats in handling the ball aroused the throng to a frenzy. When lifted a booming foul fly along the right field line, and Burns chased it to the grandstand where he slammed against the iron railing but not until he reached in among spectators, occupying a front row box and sprang the ball almost singly to left but when Konechny hammered a red-hot bopper to Wambausa, a lightning double play, Wambausa to Sewell to Burns, checked what appeared to be a grand slam-getting rally. Other plays of almost equal brilliancy marked the progress of the battle, but there were the outstanding defensive features.

The outcome of the third game in no way seemed to affect the confidence of Manager Speaker in the ability of his players to win out in the coming battles which switch to Cleveland tonight. "We will win the series," was the confident comment of Speaker along the Elberta Field. He declared Brooklyn's victory was due to better team work in the field by Brooklyn.

Brooklyn Praised By Speaker.
The Brooklyn players were up on their toes and certainly played great baseball, he said, "while our men, in the field, did not do so well today."

Manager Speaker praised the work of Shortstop Sewell, who only came into the major leagues recently, and predicted that "some day that boy is going to be one of the best."

Manager Robinson of Brooklyn declared his opinion on the final result was the same as it was before the first game was played.

"Just as I thought two days ago," said Robbie. "The series will be very close. The clubs are very evenly matched but I think we have the edge on Cleveland in respect to pitchers. It may have been a lucky thing for Brooklyn that Speaker at the last moment decided to start Ray Caldwell in the box, for it was while Ray was on the mound that Robinson's boys got the two runs. J. J. Olson, Brooklyn's shortstop, who has proved the most consistent player of either team in reaching first, his record for the three games being 8 out of 12, drew a pass in Brooklyn's half of the first.

Johnny Johnson promptly sacrificed him to second and he advanced to third when Sewell fumbled Griffith's grounder. Olson completed the circuit on Wheat's hit to left and Griffith went to the midway. From that point the right fielder scored when Myers hit to short right.

Saved From Shutout

Tim Speaker, with the unintentional

aid of Zack Wheat, saved his team from a shutout. In the fourth the Cleveland leader hit down the third base line. The smash was ordinarily good for two bases but Wheat let the ball go through him and it rolled to the far corner of the lot. Speaker continued around the bases and scored so easily that Wheat made no effort to throw the ball home.

The pitching analysis of the Cleveland boxmen show that nearly half of the 26 balls thrown by Caldwell in the third of an inning he performed were wide of the plate. Three went as strikes, four as foul strikes and two as grounders, one of which was batted. Two of the others were hits that sent in the two runs for Brooklyn.

Mails pitched creditably in his 8-2-3 innings. Although his ball total of 48 was almost equal to that of Smith for 9 innings he held Brooklyn to 3 hits and no runs. He sent across 19 strikes and received credit for 14 on outs. Four fouls came after the second strike. The Cleveland left-hander started well, throwing 7 balls in the fractional inning and 8 in the second, after that his total was never less than 11, and in the 7th he pitched 23 times, 12 of which were wide of the plate. Chic, in his one inning, had 3 balls, 3 strikes, 3 foul strikes and 2 plain fouls.

Eight Brooklyn men went out on flies and 10 on grounders, not including the ball Sewell erred on. The ball total for the three Indian pitchers was 115 and the strike total half that number. Brooklyn batters fouled off 21 offerings for strikes.

Largest Attendance of Series.
The almost summer-like weather brought out the largest attendance of the series to date. According to the official figures of the national commission 25,988 spectators paid admission. Their collective contribution to the box office was \$81,298. This made the total receipts for the first three games \$266,511, of which the national commission received \$23,651.19; the players' pool \$127,715.94 and the club owners \$85,143.96.

Cleveland Stands By Team

(CLEVELAND), Oct. 7.—Despite two defeats by the Brooklyn team, the Indians will receive a big ovation from thousands of Cleveland fans when the team reaches home at 9 o'clock tomorrow morning to begin a four game series here beginning Saturday.

Mayor Fitzgerald gave an official aspect to the welcome home by issuing a proclamation today, calling upon Clevelanders to do honor to their team.

"They will win the series if Cleveland backs them as it backed them in the pennant fight," said his proclamation. "I ask that Cleveland on Friday show in every way possible its appreciation."

The distribution of box and reserve seats to those holding allotment cards continued today, long lines of fans lining past the ticket windows from 5 a. m. until 6 p. m. It was estimated tonight that more than \$6 per cent of the box and reserve seats had been taken for. The distribution will continue tomorrow.

Drastic steps to check the "scalping" of tickets were taken by officials of the Cleveland club today following information from Columbus that two tickets for "all four games" originally allotted to a Cleveland man had been sold after \$120 in Columbus. The original price on the pair of tickets was \$3.20.

Not only these two tickets, a statement of the club officials said, but six tickets allotted to three other persons whose names were submitted by the Cleveland man, will be cancelled and the purchase price refunded upon the return of the tickets.

LOCAL MUSIC LOVERS PRIZE "ROBIN HOOD"

In discussing the coming of "Robin Hood" with one of Paris' best known musicians the latter said:
"I am delighted that we are to have a really first class performance of 'Robin Hood'. The opera is a continuous outpour of wonderfully beautiful music, the kind which is remembered and sung. The beauties of 'Robin Hood' have added the artistic touch at myriads of wedding scenes and 'Brown October Ale' with its rousing chorus is one of the finest ensembles ever written. The 'Armour's Song' is perhaps the best loved of bravura songs, and sung as it is in 'Robin Hood' by a flaming force, the sparks flying from the ringing anvil, its stirring theme is never forgotten. My experience in hearing 'Robin Hood' was that I was completely charmed by its wealth of beauty, the absolute cleanliness of its theme, and its clever run. I am sure that hearing it again will be the delight which I am anticipating, for the company which is coming has undoubtedly won high favor."

Bride Found Dead.

By The Associated Press
PORT ARTHUR, Texas, Oct. 7.—The body of Mrs. J. L. Rickenbrode, 21, a bride of ten days, was found in her apartments here this afternoon. While there was two bullet holes in her head and a pistol lying by her side, police are convinced it is not a case of suicide, as one of the powder-burned wounds is in the back of her head. Two persons are being held for investigation.

Bought Home on Grand Ave.
Mrs. G. B. Weaver of Clinton, Ok., formerly Mrs. Pete Eaim, has sold her home on Grand avenue to Mrs. Tippet of Blossom for \$3200. Mrs. Tippet moved in Wednesday. The sale was made through Geo. R. Hancock.

Bible Class Meeting.
The Clover Leaf Bible class of the First Christian church will meet at 2 o'clock this afternoon at the home of Mrs. L. B. Conrad, 210 Pine Bluff street. All members are urged to be present.

PERSONAL

W. E. McKnight of Detroit transacted business in Paris yesterday. Hon. A. P. Park is spending a few days at Mineral Wells recuperating. R. J. Haynes arrived yesterday from Phoenix, Ariz., on a business trip. He has purchased an irrigated farm near Phoenix and recently moved there from Chicago. W. H. Brown of Sumner returned yesterday from a trip to Lubbock county.

Dr. A. W. Clarkson of Valliant, Ok., was in Paris yesterday. J. W. Harwood and Dr. R. E. Dewitt were in the city yesterday from Cooper. J. W. Debenport, secretary of the Honey Grove Chamber of Commerce, was a Paris visitor yesterday. G. H. Barnes of Great Falls, Mont., who has been visiting Mr. and Mrs. George Schroeder, left for home Wednesday. S. J. Pierce of Fort Worth was in Paris yesterday prospecting. He was engaged in the mercantile business at Direct several years ago. Mrs. M. B. Boyers of Brownsville is visiting her sons, M. W. and A. E. Boyers. T. F. Carter of Calera, Ok., is visiting his nephews, Messrs. M. W. and A. E. Boyers. H. A. Smith, wife and daughter of Idabel, Ok., spent last night in Paris. Miss Martha Cooke left yesterday for Chicago to enter school. United States Deputy Marshall J. L. Satterfield was over from Sherman yesterday serving process for the approaching term of the federal court. J. A. McEwin of Caviness and Charley McEwin of Hinkley returned last night from a business trip to Grayson county.

COTTON MARKET UNSETTLED WITH INDUSTRIALS LOWER

By The Associated Press
NEW YORK, Oct. 7.—Business on the Stock Exchange today denoted an increasing division of sentiment in speculative circles. Prices were subject to successive eddies of confusing advances and declines, many mixed changes resulting at the irregular close.

In a measure rails maintained their recent leadership. Reading, which marked the long account in yesterday's market, made a new high record for several years at 121 1/4, but ended at a net loss of 1 1/2 points, while Texas and Pacific recovered only the smallest fraction of yesterday's severe loss. Steels and copper were again an influence in the erratic course by backward trade conditions.

Oils, shippings, motors and sugars continued the other uncertain elements of the day together with leather, copper and chemical issues. Sales \$30,000,000.

Call money moved from 7 to 8 per cent and back to the lower rate with time funds unchanged.

Denison Has Mack Building.
DENISON, Texas, Oct. 7.—Building construction totaling more than million dollars, and street construction which will cost more than half a million dollars, now is under way in Denison. A \$500,000 refinery, a \$250,000 Y. M. C. A. building, a \$400,000 hotel, and a \$125,000 railroad hospital are among the buildings for which contracts have been let. With the exception of the hotel, all the

biggest buildings are under construction and work on the hotel will begin within sixty days. Scarcity of needed materials is delaying the \$600,000 street construction program to some extent.

Special Fair Train.

The Santa Fe will put on a special train from Paris to Dallas tomorrow to be known as the fair special. Only three stops will be made—at Ladonia, Farmersville and Celeste. The special will run only each Saturday and Sunday. On the other days of the fair the regular trains will be provided with extra equipment.

The Cubs Will Hike.

Pack No. 1 will hike this afternoon with Clubmaster T. W. Russell, and packs 2 and 3 with Clubmasters Robinson and Norment will hike Saturday.

"Gets-It" Wonder Corn Peeler

Just as Good for Calluses. Money Back if it Fails.

Don't be tossed through life by a pesky corn or callus. Don't let a corn tell you when to sit down. Don't wear shoes too large for you because a corn says you must. Get rid of the darned thing.

"Peel the Whole Corn Right Off and be Rid of it"

It's a revelation to corn sufferers the wonderful way that "Gets-It" banishes corns. Spend two minutes—that's all—to apply 2 or 3 drops to any corn or callus. The pain will stop instantly. In a few seconds the corn dries, right up. It has loosened so you can peel it off in one complete piece, root and all.

"Gets-It" is sold by all druggists; money back on request, costs but a trifle. Mfg. by E. Lawrence & Co., Chicago.

Sold in Paris and recommended as the world's best corn remedy by R. J. Murphy, Williams-DeVey, Greiner & Mohr, Palace Drug Store.
